5. (U) OBSERVATION:
SJA

6. (U) DISCUSSION:
Implementaiton of Rules of Engagement.

7. (U) LESSON LEARNED:
The SJA assisted in the implementation of the Rules of Engagement (ROE) that came from JTF. The ROE were based on standard peace time ROE. The implementation of ROE worked well because Marines and LEAs were already trained in the proper application of peace time ROE. Unit Commanders could be given discretion to determine arming order status in many situations.

8. (U) RECOMMENDED ACTION:
Continue training Marines in peace time ROE. Unit commanders should commit to memory.

9. (U) COMMENTS:
The ROE were implemented in such a way as to both ensure that the civil disturbance ROE were adhered to and that Marines could protect themselves.
